

Neutrino Frontiers 2008

Instructions: Uploading talks to conference website

Please submit a PDF (preferred format) of your talk slides by
November 15, 2008
to be included in the conference web archive.

1. Go to the following URL:

https://netfiles.umn.edu/xythoswfs/webui/_xy-7098813_1

2. Click on the "Upload" icon at the top of the page
3. Select your file and click "Ok"

The screen should display this message:

"The document was successfully uploaded to directory, Neutrino Frontiers."

It may also tell you that the directory is empty, but it just means that you don't have permission to see the files.

All submitted talks will be archived online for general access at the University of Minnesota's Digital Conservancy: www.ftpi.umn.edu/neutrinos08/

Please note that there will be a delay between your upload and final posting. Once all talks have been submitted, participants will be notified by email.

As always, any questions may be addressed to neutrinos08@physics.umn.edu

These instructions are also available online at
www.ftpi.umn.edu/neutrinos08/
