

# Continuous Advances in QCD 2008

May 15 – 18, 2008

## Proceedings Instructions

We would like to set the size for each individual contribution to about 12 pages. The LaTeX 2e style file and a sample file can be obtained from the conference web site:

<http://www.ftpi.umn.edu/qcd08/>

The files are included in an archive file, available both in zip or tgz version (according to which operating system you are using). The direct link to download the package is either of

<http://www.ftpi.umn.edu/qcd08/procs.tgz>

<http://www.ftpi.umn.edu/qcd08/procs.zip>

The workshop proceedings will be published by World Scientific.

The preferred way of submission is by e-mail to [peloso@physics.umn.edu](mailto:peloso@physics.umn.edu)

We ask you to send us the original files (figures included), so that we can produce a camera-ready postscript file of your paper. If for any reason you would prefer sending a camera-ready copy by ordinary mail, the address for submission is:
